NEW YORK, Nov. 12 (AP) — Stocks continued their slide into lower territory today with a large part of the market pressure attributed to selling to establish tax losses.

Trends were mixed at the start, a few steels, aircrafts and specialties accounting for some small gains. Buying initiative was held in check by a moderate but rather steady flow of offerings and near the fourth hour leaders generally were off fractions to around a point, with several in low ground for the year.

Potential bidders were inclined to hold off because of forecasts of a drastic hiking of taxes for next year, fears of trouble in the far east and more labor tension as an outgrowth of the resignation of high CIO officials from the defense mediation board.

Stocks on the loss side included U. S. Steel, Bethlehem, General Motors, Chrysler, Montgomery Ward, Douglas, American Smelting, Western Union, American Telephone, Johns-Manville, General Electric and Santa Fe. Given occasional support were United Aircraft and Goodyear.

Showing losses in the curb were Aluminum of America, American Gas & Electric, Gulf Oil and Sherwin Williams.

The urge to dispose of stocks for tax purposes has been made keener than usual, brokers pointed out, by the increased levies on 1941 incomes and by the reasoning of many of the sellers that repurchases may be arranged within narrow spreads of current selling prices. On this conjecture, the guiding sentiment was apparently, that the market was not likely to move ahead sharply until relieved of the restraints which have operated against bullish action since the beginning of the emergency.

A trend which is giving increasing concern to business students was exemplified by a report of the commerce and industry association of New York indicating that thousands of employes of small manufacturers in the New York area may face unemployment within the next 90 days as a result of shutdowns caused by materials shortages.

The survey disclosed that of 142 manufacturers replying to the association's questionnaire, 117 already were having difficulty in obtaining sufficient quantities of essential supplies or equipment.

## CALL MEETINGS OF INTEREST TO PUTNAM FOLK

(Lima News Bureau)

OTTAWA, Nov. 12 Dates for three meetings of interest to both rural and municipal residents of this section were reported here today by County Agent L. C. Holtkamp of Putnam-co.

The first will be a session of the officers of the Ottawa Farmers' Institute which will take place in the agent's office at 8 p. m. Nov. 28. The second will be a 1942 economic outlook meeting for farmers in the courthouse at 8 p. m. Dec. 8. The third will be a district land use committee meeting on Dec. 10 from 10 a. m. to 4 p. m. in the courthouse here for five counties.

Preliminary plans for the Ottawa community institute have been discussed by the institute directors but the definite date has not been set because it is not certain when desired speakers can appear here. A committee made up of Bert Klausing, James Gerdeman and Harold Huffman has been appointed by Ray Pierman, institute president, to obtain special entertainment for the program.

Program details were not complete today for the economic outlook meeting, Holtkamp stated.

# GRAIN MARKET IS UNSETTLED

## Soybeans Slump Four Cents, Bringing Fractional Decline In Cereals

CHICAGO, Nov. 12 — (AP) — A break of more than 4 cents a bushel in soybean prices today unsettled the entire grain market, but most cereal losses were only fractional. Corn declined more than a cent.

Traders said selling of soybeans was inspired principally by favorable weather for resumption of harvesting over much of the belt the past few days and by the government crop report issued after the close Monday, promising a harvest 111,300,000 bushels.

Opening 1-4 - 1-2 lower, December 1.15 3-4 - 5-8, May 1.20 3-4 - 7-8, wheat later declined further. Corn started 5-8 - 1 3-8 lower, December 76 5-8 - 1-2, May 82 5-8 - 1-2.
